Brock University

Office of the Registrar

Admission Criteria: 2016 Entry

Welcome!

MINIMUM INTERNATIONAL CREDENTIALS:

www.brocku.ca/registrar/admissions/admission-criteria/requirements

Can't find your country on the list? Applicants must present the credential required for entry to degree-level study in their home province/country. Contact *admissions@brocku.ca* for further details.

Information below represents the prerequisite subjects necessary for entry to an undergraduate program at Brock University. Anticipated admission averages are subject to change depending on (i) the strength and size of the applicant pool, and (ii) space availability.

PREREQUISITE SUBJECT REQUIREMENTS:

If you are a secondary school student applying from outside Ontario, prerequisites must be completed at the senior secondary school level. If you attend/have attended a post-secondary program, they must be completed at the senior level of secondary school, or as part of the post-secondary program.

GRADING SCALES:

Grading varies around the world, as well as among secondary schools, universities and colleges. For this reason, all incoming grades are translated into equivalent Brock University grades and admissibility is assessed in these terms.

CO-OP APPLICANTS:

In order to meet degree and co-op requirements, transfer credit is limited to 5.0 credits (equivalent to one academic year). Applicants must be Canadian Citizens or Permanent Residents of Canada if applying to Co-op Accounting or following the Co-op Political Science Public Administration Concentration.

CONCURRENT EDUCATION APPLICANTS:

In order to meet degree requirements, transfer credit is limited to 4.0 credits (one academic year = 5.0 credits).
